Our Church Community

Terrace Evangelical Free Church began in 1951. At that time, the city of Terrace was a small town of under 1,000 people, with the main industry being forestry.

From the beginning, Terrace was known as the “Northern Bread Basket”, the “Okanagan North”, and the “Cedar Pole Capital” of the world.

Over the years, TEFC has grown from its beginning with two families and two single ladies, to where it is today with over 190 attendees.

Since the beginning, God has had his hand on the ministry of TEFC. He has blessed the faithful congregants throughout the years and used them to take part in the physical, as well as spiritual growth in the church. Many faithful congregants gave up their time and resources to construct three different buildings over the span of 43 years. The building that is currently being used was built in 1994.

TEFC has always been known as a place where youth can come and learn more about God. Some examples of children’s ministries throughout the decades were Boy Brigades, Girl Pioneer Clubs, Awana, and VBS. For many decades, there was a thriving youth group where many teenagers had the opportunity to serve the Lord in mission trips, church service, VBS, and more.

The adult ministries in the church have consistently been an opportunity for the congregants to study God’s Word, pray together, grow in their faith, serve the missionaries, and encourage one another. As God has allowed different people to come and go through the church, He has used their gifts in different ways to bring growth. As a result, there have been a variety of different programs throughout the years.

God has provided 11 different devoted pastors to shepherd the congregation, who have each brought their unique style to help the congregants grow in their faith. In addition, the church has been blessed with the ability to hire 5 youth/associate pastors, 1 children’s ministry coordinator, 15 summer interns, and 4 different administrative assistants.

Our Church Community

Currently, TEFC is in a rebuilding stage, post COVID. Our current pastor, James Clark, and his family, moved to Terrace from the lower mainland in 2020. Although this has been a very challenging season, God has continued to prove Himself faithful by allowing our church to welcome new families who have recently come to this community. There is an active Filipino group that has grown in recent years, as well as other small groups that have recently begun. God has put it on the hearts of some congregants to revive the children's and youth ministries as well. The current congregation includes cultures and nations such as First Nations, Filipino, Chinese, South African, Mennonite, Swiss/German, and French Canadian.

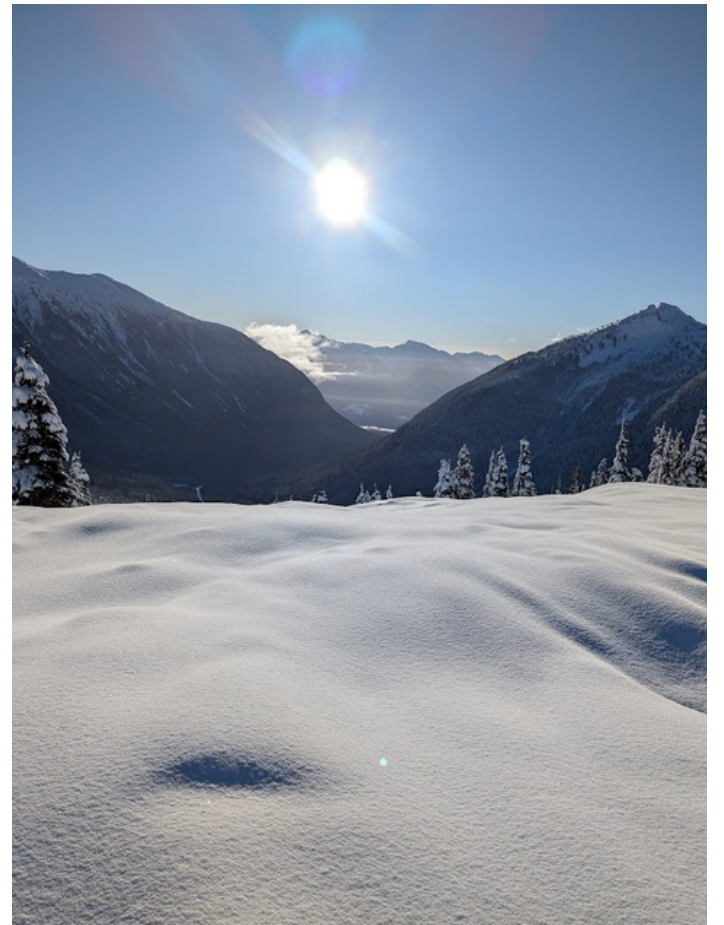

Since the church is located in the downtown core, our church is often used by community groups. The old church is currently being rented out by a daycare. Even the church parking lot is shared with the medical building next door. We as a church are actively involved in a regional Bible camp called Rough Acres, which was started by several members. The church has been involved in the local food bank, a local meal program for low-income families, and has often donated items to the needy. God is still at work in the people of Terrace and in the congregation of the Terrace Evangelical Free Church!

The City of Terrace

Terrace and surrounding areas have a population of approximately 20,000 people.

Terrace has lots to offer for the outdoor enthusiast or someone who just enjoys taking in some fresh air. Our backyard is full of snow capped mountains and rivers and lakes. Skiing in the Winter at Shames Mountain can put a smile on anyone's face. In the summer many Terrace residents go camping, fishing, hiking or mountain bike riding. Terrace also has a rich indigenous community with many opportunities to explore and learn. On a sunny day you can see the entire valley on top of Terrace Mountain, on a rainy day you can explore the old growth forest taking in God's Creation. We are a small town but full of adventure.
