SUBJECT TO CHANGE

ALL courses will have a TEAMS option unless otherwise indicated

Note 1: All students in Practicum 1 participate in the online component and in the module in November. Students should be advised that, due to the exigencies of the delivery model we follow for Practicum 1, students are required to participate in the full week of the module component. See syllabus for details.

Note 2: Students are also required to participate in 6 sessions of non-graded individual therapy, at their expense, with a department-approved outside counsellor of their choice

Note 3: BI5102 must be taken prior to, or concurrently with, the first OT or NT Bible course. (Available to Distance students less frequently, it must be taken prior to, or concurrent with, the second OT or NT Bible course.) This does not apply to MA (Theological Studies) students.

Note 4: The total cost for CP5501 is \$2,400, which includes tuition and all additional fees (not including the individual therapy in Note 2 or room and board). For international students, this will increase by the regular difference between international and domestic tuition. **This amount is subject to change with any fee changes for the 2022-23 year.**

Note 5: Practicum 3 & 4 students will be required to secure their own internship placement and clinical supervision. Depending on the internship arrangement, students may be required to pay directly for clinical supervision. Supervision rates will vary based on the province and supervisor.

For registration instructions and dates, please view the information on the website at:
